Our teacher is Mrs Ursula Kelly.

The children have all settled down to their new routines and are making a conscientious effort with all their tasks. The Kindergarten children are learning their sounds and recognising many words. They are keen to read and write. In term 1, Kindergarten have been doing a HSIE unit of work on Identifying me. During this unit they have been learning about the different groups they belong to and the different rules each group has. The children have been revising our school rules and the importance of following rules. In Science they have been studying is the little creatures around our school. They really enjoyed their Playground safari and were excited to be able to use the new Bug Catchers. During Sport Claudia and Kirsty have had us doing some interesting gymnastic activities on the trampoline, bars and mats. All the children love listening to stories and their favourite stories have been Uno's Garden and The Diary of a Worm. Both the children and Mrs Kelly are looking forward to a great learning year.
