Welcome to Kindergarten (KS)

We are very lucky to have two amazing teachers. We are taught by Mrs Catherine Schumacher on Monday, Tuesday and Wednesday and we are taught by Mrs Emma McGlynn on Thursday and Friday.

We are having many wonderful learning experiences in Kindergarten so far this year.

The children have participated in Best Start assessments and are very quickly adapting to new routines here at St Joseph’s.

It was fantastic to meet all our new parents and our existing parents at our orientation days last year and at our Welcome BBQ this year.

The Year 6 buddies are doing a superb job helping them find their way around our beautiful playgrounds and the Kindergarten children love them.

This Term we are learning to about places in our local community we hope to explore our local community by walking to Charlestown and recording what we see. In Science Kinders are learning about the weather and the different seasons of the year. We will be learning how to collect data and record our findings. Of course our aim for this term is to become independent learners especially in Literacy and numeracy.

Have a look at our amazing work so far!
